CALIFORNIA BALL TEAM BETTER CARD

Oahu League Directors Pleased That U. C. Defeated Stanford in Series

of the Oahu the chall League, in session last night considerable satisfaction user the fact that the University of anternia had been successful over Stanford in the annual intercollegiate series, thereby winning the right to make the ljawaiian trip, and meet the trains of the local league. It is beboxed that the Californians will be a Lapper drawing card than the Cardinal plevers, who were here last year, and with whose work the local fans are thoroughly familiar. Had Stanford then successful in the series just over, Berkeley would not have been a selected for try-out; good drawing card, for a defeated colhere team could not have been very highly touted, but the combination of success and new faces will bring more dollars through the ticket window.
